DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-7 and 9-11 are rejected under 35 U.S.C. 102(b) as being anticipated by HINCHLIFFE et al. (5,657,963).

As to claims 1-7 and 9-12, HINCHLIFFE (Figs. 20-21, 22a, 24-26; col. 14, lines 42-45) discloses a trocar including housing 611, shaft 642, pot-shaped seal 618 having disk-shaped portion extending transversally to a longitudinal axis of the trocar with central opening 620 enlargeable in response to a spreading device. The spreading device comprises sleeve 628 with ring-shaped facial end 639, lever 667 activatable from outside of the trocar and fixable in different positions corresponding to an open and close positions of seal 618 (see Fig. 20, for example), guide/slot-link guide 669 for guiding slidable member 663, pin 655b and spring 655a.

Allowable Subject Matter

Claim 8 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
